

Ambassador Spotlight

2020

Meet Brandon Hargrove

About me...

How many years have you been with PCI Group?

I started on March 6, 2018- 3 months after the Dallas location opened.

What's your favorite part of your job?

My favorite part of this job is the spirit of pride and teamwork fostered by the company and the individual shifts. Work can be hard, but it feels good to knock out a tough job as a team and meet all the day's deadlines.

What is the most important attribute you bring to your job?

My most important attribute relating to my job is my willingness to lend a helping hand whenever and wherever it is needed.

What is your favorite quote to live by and why?

"Life is a matter of choices, and every choice you make makes you."
-John C. Maxwell-Success in work and life is up to you! You have the power to control your destiny, you just have to do your best to make the right choice as often as you can.

What I want to accomplish with my role in the Ambassador program:

I am excited to share my experience and my knowledge with our new hires. My hope is that as an ambassador, I will be a friendly face that can help others learn about our company, our values, our management, and some helpful tips and tricks relating to their specific roles. Success is a team effort, and I look forward to adding successful and empowered members to our team.

Best advice for a new employee:

Be on time and be willing to help anywhere! If you don't know how you can help, ask somebody. There is always someone in need of a helping hand - be that helping hand!

Interesting Facts

Do we have anything in common?

I have a degree in Mechanical Engineering from UT Dallas.

My favorite holiday is Christmas (It's the MOST wonderful time of the year, after all!).

In my free time, I like to tinker with computers, Lego, or my 3D printer. I love building!

While at PCI, I have worked in Mail Dispatch, Divert Check, and Quality Assurance.

My favorite food is Whataburger!
