

# Ambassador Spotlight

2020

## Meet David Ridgeway

### *About me...*

#### **How many years have you been with PCI Group?**

About one year

#### **What's your favorite part of your job?**

I enjoy getting to interact with all the operators and being able to investigate and resolve issues that arise on the floor.

#### **What is the most important attribute you bring to your job?**

I am a good communicator and find it easy to share my knowledge with others and build healthy relationships with operators. I am a natural mentor and enjoy leading.

#### **What is your favorite quote to live by and why?**

"Do unto others as you would have them do unto you!" People seem to have forgotten how to be compassionate towards others. I like to treat people with respect and dignity and expect the same in return. A smile and a laugh can go a long way!

#### **What I want to accomplish with my role in the Ambassador program:**

I hope to be able to make the onboarding process as comfortable as possible for new employees here at PCI. I hope to bring awareness to new and current employees of PCI that if you are willing to work hard and provide worth to the company, that in turn this company can be a fulfilling place to work and grow as an individual both personally and professionally. I was in the first group of new employees that had ambassadors assigned to them and I really appreciated how it made me feel welcome, and how I had one specific person to ask questions to.

#### **Best advice for a new employee:**

Become a sponge for information. Everyone here at PCI has something to share and teach! Be open and welcoming to learning new things.

## Interesting Facts

### *Do we have anything in common?*

Sushi is my favorite food. I love Ponte Vedra Beach Florida and the Jacksonville area; I travel there almost every year for the Players Championship golf tournament. I love golf and have been playing since I was around 7 years old. I also love to play and study the game of poker. I have been playing poker since the late nineties; you never get too old to learn new things. I have an associate degree from the University of Phoenix in Business Management. I am a basketball and volleyball official in my spare time. I have been officiating sports for about 3 years.
