My happy face, desire to work as a team, and my positive attitude are my biggest attributes.

What is your favorite quote to live by and why?

"The glass is always half full, not half empty." It must be done, so get it done!!!

What I want to accomplish with my role in the Ambassador program:

I consider myself a very hard worker. I am a people-person and enjoy meeting new people. I like learning different ways to work together. I feel this position will help me learn more about PCI. I enjoy my job and hope to be here for a long time. I've had my own company for a couple of years and know it takes a lot of hard work.

Best advice for a new employee:

PCI Group is a great place to work. It is easy to advance in company to make more money.
