## Meet Mary Fowler

### *About me...*

**How many years have you been with PCI Group?**

One year

**What's your favorite part of your job?**

I love that I get to run a machine and learn more about them as I go. I also get to meet new people who come in as assistant operators.

**What is the most important attribute you bring to your job?**

My attitude and my ability to ask questions when I'm not sure of an answer are two of my important attributes. I also always speak up when an issue is important to me. I can learn new things quickly.

**What is your favorite quote to live by and why?**

"Every accomplishment starts with the decision to try." This is my favorite quote because you always have to try new things and learn to accomplish in whatever it is that you set your mind to!

**What do you wish to accomplish with your role as an Ambassador?**

I wish to influence new hires to stay with the company and to grow with us as much as I have within my year of being here. I also want them to learn that we are a family company as well!

### **Best advice for a new employee:**

We have great staff members who are very understanding and easy to talk to! They do what is best for their employees. PCI is also a great facility to work for because they always make sure that you are comfortable in your work environment. They will answer your questions!
