

# Ambassador Spotlight

2020

## Meet Ryan Catoe

### *About me...*

#### **How many years have you been with PCI Group?**

I have been with PCI Group for 6 years.

#### **What's your favorite part of your job?**

The fast-paced production environment. Specifically closing daily SLAs.

#### **What is the most important attribute you bring to your job?**

My willingness to listen and help wherever I see the need.

#### **What is your favorite quote to live by and why?**

There is no "I" in team. We are a big team at PCI Group and it takes everyone doing their individual jobs to achieve one goal.

#### **What do you wish to accomplish with your role as an Ambassador?**

I am the weekend operations manager. I started 6 years ago as a Flowmaster operator. Through my desire to always learn more and determination I was able to move through the ranks pretty quickly. As an ambassador, I hope to persuade new hires to do the same. I don't want anyone to get complacent in their hired roles. I love to see individuals have that drive to learn more and potentially promote themselves through the company.

#### **Best advice for a new employee:**

Don't let what other people say persuade your thoughts about the company, people, or your job. Never be afraid to ask questions and learn more.

## Interesting Facts

### *Do we have anything in common?*

My favorite food seems to change a lot, but I can always go for a good Mexican dish. Just about anything with queso.

I enjoy the fall. I love the nice crisp nights, seeing the changing of the leaves, and my birthday is in October. My favorite holiday is in the fall, Halloween.

In my free time, I enjoy spending time with my family. Whether that's at home with my dogs and cat or with my nephew and nieces. Family time stays at the top of my list. I am currently going to school for my accounting degree, and plan to graduate in May 2020.
