

# Ambassador Spotlight

2020

## Meet Wanda Beckwith-Lee

### *About me...*

**How many years have you been with PCI Group?**

4 years

**What is your favorite part of your job?**

The favorite part of my job is being able to get along with my peers and learning new things.

**What is the most important attribute you bring to your job?**

My attitude and my personality!

**What is your favorite quote to live by and why?**

Everyone is dealing with something so be kind.

**What do you want to accomplish with your role in the Ambassador program?**

What I hope to accomplish with the Ambassador program is to provide a new employee with the confidence to be able to perform their job and know that there is someone who can help them along the way. I want to encourage someone and let them know that it doesn't matter where they start, but with a little hard work, they end up where they want to be.

### **Best advice for a new employee:**

To encourage someone to do their best no matter what it is. Smile because it takes more energy to frown and to learn all you can. You never know who is watching.

## Interesting Facts

*Do we have  
anything in  
common?*

1. I like the warm weather.
2. I enjoy going to the beach.
3. I love reading a good book.
4. I have a treat business that I currently run with my daughter.
